

Getting and Managing Notifications

If you are new to TM Forum Projects you'll want to subscribe to relevant notifications to make sure you know what's happening so you can get involved. There are several types of notifications that you can subscribe to. These are:

- [Meeting notifications](#) - keep up to date on new meetings and updates to existing meetings direct to your computer's calendar
- [Discussions notifications](#) - receive notifications of new discussion threads and posts
- [Content notifications](#) - be aware of changes to pages and get a digest of all updates
