2. Project Overview / Executive Summary

Mission	Business Assurance integrates assurance and risk management disciplines into an overall proactive data-centric assurance framework, with the goal of continuously protecting and improving financial integrity, while enhancing business value and customer experience.
Value	Success and profitability of digital ecosystems rely on accurate business assurance protection
Strategy	This program brings together Revenue Assurance and Fraud Management in order to keep up with the rapid pace of digital ecosystems emergence. Through catalyst projects, insights reports and guidebooks this team captures the best practices and then drives required changes into the core Frameworx models to ensure industry uptake.
