TMF683B Party Interaction API Conformance Profile v4.0.0

A Party Interaction captures information about past interactions in order to re-use it in future ones. This allows agents to serve parties better by knowing the steps they went through. It also allows customers to see better the actions they have performed and how they interacted with us.

Release Status: Production	**Approval Status: TM Forum Approved**
Version: 4.0.0	**IPR Mode: RAND**
